3G Extreme Carpet Blade Safety Packs - 0.017" Thick

Part #	Corner Type	Packaging
20101N	Round	100 Pack Safety Dispenser
20101N20PB	Round	20 Pack Safety Dispenser, 10/Box
20101T	Round	10 Blades/Tube, 10/Box
20102N	Square	100 Pack Safety Dispenser
20102T	Square	10 Blades/Tube, 10/Box

Silver Slotted Carpet Blade Safety Packs - 0.015" Thick

Part #	Corner Type	Packaging
20111	Round	10 Blades/Tube, 10/Box
20112	Square	10 Blades/Tube, 10/Box

Breakaway Blades

Part #	Description	Packaging
20502	8-Point Blade	100 Blades/Box
BRC-043754	6-Point Ceramic Blade	100 Blades/Box
20501	13-Point Blade	100 Blades/Box
BRC-033753	11-Point Ceramic Blade	100 Blades/Box

Hook Blades

Part #	Description	Packaging
H-020003	Small German Hook Blade, 2 Hooks	100 Blades/Box, Wrapped in 5 Packs
20302G	German Hook Blade, 2 Hooks	10 Blades/Tube, 10/Box
H-020002	Large German Safety Hook Blade, 2 Hooks	100 Blades/Box, Wrapped in 5 Packs
20302FS	English Hook Blade, 2 Hooks	100 Blades/Box, Wrapped in 5 Packs
20304	German Concave LVT Hook Blade, 1 Hook	10 Blades/Tube, 10/Box
20304FS	English Concave Hook Blade, 1 Hook	100 Blades/Box, Wrapped in 5 Packs
20303R	Extra Large German Hook Blade, 2 Hooks	10 Blades/Dispenser, 10/Box
20302	German Style Hook Blade - Safety Tubes, 2 Hooks	10 Blades/Tube, 10/Box
20308	German Style Hook Blade - Dispensers, 2 Hooks	10 Blades/Dispenser, 10/Box

16-ounce Forged Steel Framing Hammer

- Solid forged one piece hardened and tempered steel hammer
- Shock absorbing rubber grip
- Claw design for pulling nails, prying, demolition, and more

Part # BT360

Halder Secural Dead Blow Hammer

- Dead blow non-rebounding hammer
- Unbreakable thick welded sheet metal housing and handle
- Replaceable durable rectangular polyurethane faces

Part #	Description
BT-HAL-3380040	Hammer
BT-HAL-3511.040	Replacement Face

Duckbill Napping Shear

- 7" Shear blades
- The offset allows for use parallel with the floor for trimming off the tops of carpet tufts
- Oversize loops for users with large fingers

Part # BT-DNS07

Vinyl Miter Cutter

- Includes a gauge for cutting straight, 22 1/2° or 45° angles
- Soft, vinyl grip provides comfort and leverage for cutting

Part #	Description
BT-MTR001	Cutter
BT-MTR001Blade	Replacement Blade

Laminate Installation Kit

- 1 Pull Bar, 1 Tapping Block, 50 Spacers
- Use to effortlessly install tongue & groove laminate wood flooring
- Pull bar makes for ease of use in tight spaces

Part # BT380

Three Hole Cove Base Applicator

- Applies adhesive to 3" cove base
- Use with most popular size caulking gun and then dispose of it

Part # BT-CH121161

11 Hole Cove Base Applicator

- Applies adhesive to 4" cove base
- Use with most popular size caulking gun and then dispose of it

Part # BT-CH121162

1/8" Solid Carbide Bit

- High-strength carbon steel
- Two usable tips

Part # BT-223

1/8" Hexagon Adapter

- Adapts 1/8" solid carbide drill bits to a standard electric drill chuck
- Shank diameter is 1/4"
- Internal collet tightens down on the drill bit to hold it in the adapter

Part # BT-225

Masonry Carbide Bits

- Straight 1/8" shank for pro use
- Use for drilling bricks, concrete, cinder block, stone and more
- Tungsten carbide tip
- Heat resistant

Part #	Length
BTJRP-1	3"
BTJRP-1A	2"

4" Hammer Drill Bit

- Use for drilling bricks, concrete, cinder block, stone, and more
- Heat Resistant

Part # BTJSDSB-460

Stair Tuck Tool

- Soft-grip handle for better grip
- Rounded corners and offset edges to protect walls

Part # BTS350

Rapid Carpet Tucking Tool

- Tucks all types of carpet against tile and wood flooring
- Non-slip grip provides better control

Part # BT-030601

Rapid Carpet Tucking Tool Replacement Wheels

- Replacement wheels for BT-030601

Part # BT-030601-P

Conventional Carpet Trimmer

- Five-position folding handle moves easily in hard-to-reach areas
- Quick vertical and horizontal adjustment
- Non-slip rubber handle for better control

Part # BT-030619

Adjustable Cushion Back Cutter

- Adjustable blade depth to just the right height for close cuts
- Trims edges close to tufts for better seams
- Blade angle cuts carpet cleanly

Part # BT-030608

Cushion Back Cutter

- Trims edges close to tufts for better seams
- Blade angle cuts carpet cleanly

Part # BT-030640

Knee Kicker

- Adjustable steel tubes with 5 settings from 19" to 24"
- Dual engagement buttons eliminate hole elongation
- Pins are adjustable with 9 depth settings for use with various types of carpet

Part # BT-502

Power Carpet Stretcher

- Stretch up to 23.5' with included extension tubes
- Adjustable dial to set pin depth for use on various carpet types

Part # BT-030654

Swivel Carpet Stretcher

- Stretch up to 23.5' with included extension tubes
- Push button adjust 5 lock points with 60° of swivel
- Adjustable dial to set pin depth for use on various carpet types
- Swivels parallel to wall for angle stretches

Part # BT-030654-1

Trim Puller by Zenith™

- Designed specifically for repair or remodel projects when reusing trim, baseboard, cabinets, flooring, and other materials
- Three-points of contact area of the tool combined with the 15° wedged center comes together for easy extraction
- Made with 48Rc Hardened steel and completed with an EPDM rubber handle
- No shim or small board spacer needed

Part # BT703-TP

The Scrape by Bucky Tools™

- Snaps onto standard 5 gallon buckets
- Use stainless edge to scrape excess material back into the bottom of the bucket
- Secure your trowel to the magnets while you set tile in place

Part # BT-BUCKY01

Gorilla Guard Toe Protectors

- Protects the toes of your work boots from excessive wear due to constant kneeling
- Non-marking flexible rubber guard
- Easy application! Quickly adheres to the toes of your boots
- One pair per package
- Includes sandpaper and glue for prep
- One-size fits all

Part #	Color
60250	Black
60251	Brown
60252	Sand
60253	Tan

Full Finger Work Gloves

- Fitted stretch spandex for better ventilation, fit, and comfort
- Removable dense foam pads for easy cleaning
- Reinforced patches on palm and fingertips for increased anti-slip and extra protection
- Heavy-duty hook and loop closure for a secure fit and pulse protection
- Machine washable

Part #	Size
BT181	L
BT182	XL
BT188	XXL

Dexterity Work Gloves

- Open-finger design that allows for switching from hard task to sensitive touch screen jobs without removing gloves
- Fitted stretch spandex for better ventilation, fit, and comfort
- Removable dense foam pads for easy cleaning
- Reinforced patches on palm and fingertips for increased anti-slip and extra protection
- Heavy-duty hook and loop closure for a secure fit and pulse protection
- Machine washable

Part #	Size
BT186	L
BT187	XL
BT189	XXL

Pro-Leather Knee Pads

- Fully adjustable front fastening strap design for fast on and off closure
- Durable comfort neoprene pad protects knees for extended kneeling
- Non-marking
- One hook and loop strap
- High-quality construction
- Field-tested for quality assurance and comfort
- No bunching or binding
- Contoured to fit your knees perfectly

Part # BT145

Heavy-Duty Gel Knee Pads

- Industrial strength and comfort with multiple liner layers
- Slip-resistant outer cap
- Air-injected gel foam for added comfort and longer usage
- Gel foam contains anti-compression agents ensuring the knee pad returns to its original shape
- Specially engineered for professional contractors

Part # BT150

Neoprene Knee Pads

- Extra-wide thigh and bottom straps keep knee pads in place
- Comfortable, flexible, and lightweight
- Removable dense foam pads for easy cleaning
- Field tested by professional floor installers for durability
- Neoprene pads on the thigh are perfect for use with knee kicker
- Hook and loop closure design

Part # BT170

Gorilla Guard Knee Pad Shields

- Place over your flooring knee pads to protect them and extend their lifetime
- Compatible with most standard knee pads

Part # BT130

Electric Rail Cutting System

- Reinforced rails with steel rod, make cutting more stable, precise, and longer lifetime
- Suitable for cutting tiles and slabs sizes up to 126" long
- CE approved electric cutting machine, 1,500W, 110V/50Hz, 13,000RPM
- Featuring 90 ° and 45° cutting
- Maximum straight cutting depth 11/16"
- Maximum angle cutting depth 19/32"
- Components:
 - 1 x Premium cutting blade 125mm
 - 1 x Edge cutting blade 125mm
 - 4 x Plastic suction cup
 - 2 x F clamps for fixing the rail
 - 1 x Rubber adapter
 - 1 x Small tool bag with fixing accessories

Part #	Description
BT-LFECA	Cutting Head
BT-LFRS	Rail System

Manual Rail Cutting System

- Reinforced rails with steel rods make cutting more stable and precise, providing a longer lifetime
- Suitable for cutting tiles and slabs sizes up to 126" long
- New revolutionary cutter head can cut tile up to 19/32" thick
- New breaker plus with higher breaking force for thick tiles
- Suitable for cutting tiles and slabs sizes up to long
- Packed in professional tool bag and box
- Components:
 - 3 x rails
 - 4 x plastic suction cup
 - 1 x cutting head
 - 1 x breaker nipper
 - 1 x spare wheel in plastic box
 - 1 x small tool bag with fixing accessories

Part #	Description
BT-LFMC5	Cutting Head
BT-LFRS5	Rail System

Breaker Nippers

- Breaking device for tile pieces

Part #	Description
BT-LFTBE	Max. 5/16" thick
BT-LFTBD	Max. 5/8" thick
BT-LFTBH	Max. 5/8" thick

Automatic Electric Tile Cutting Machine

- Automatic and manual cutting capabilities for flexible usage
- Make straight and up to 45° miter cuts with the adjustable cutting head
- Built-in water pump
- Built-in laser cutting guide line for accurate cuts
- Folding legs with built-in wheels for easy transportation
- Suitable for cutting ceramics, stoneware, porcelain, and other materials
- Arbor adaptor available for blades with a 7/8" arbor (BT-TCSA-ADP)

Technical Data	
Part #	BT-TCSA1200A
Output	3000W
Voltage	110V/60Hz
Speed	12,000RPM
Cutting Blade	4.75" x 0.75" x 0.0625"
Max Cutting Blade	5.25" x 0.75" x 0.375"
Max Cutting Depth	1.1875"
Max Cutting Angle	45°
Diagonal Cutting Length	33.5" x 33.5"
Cutting Length	48"

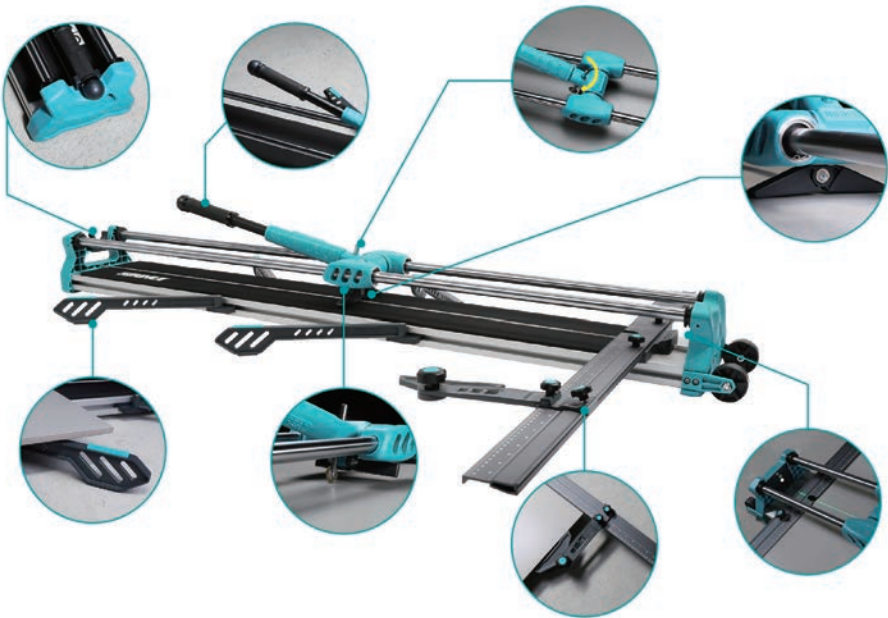

C-Lion Manual Tile Cutter

- Tungsten carbide scoring wheel with etched scale for use with different tile thicknesses
- Strong and durable double-layer aluminum alloy chassis
- Magnetic absorption and fast release breaking device with 1,750 lbs breaking power for single-handed operation
- Adjustable measurement guide and side ruler for cutting tiles from different angles
- Anti-slip handle with storage function and snap-in for locking handle
- LED light for extra vision
- Suitable for cutting all kinds of ceramic tiles such as wall tiles, polished tiles, and glazed tiles

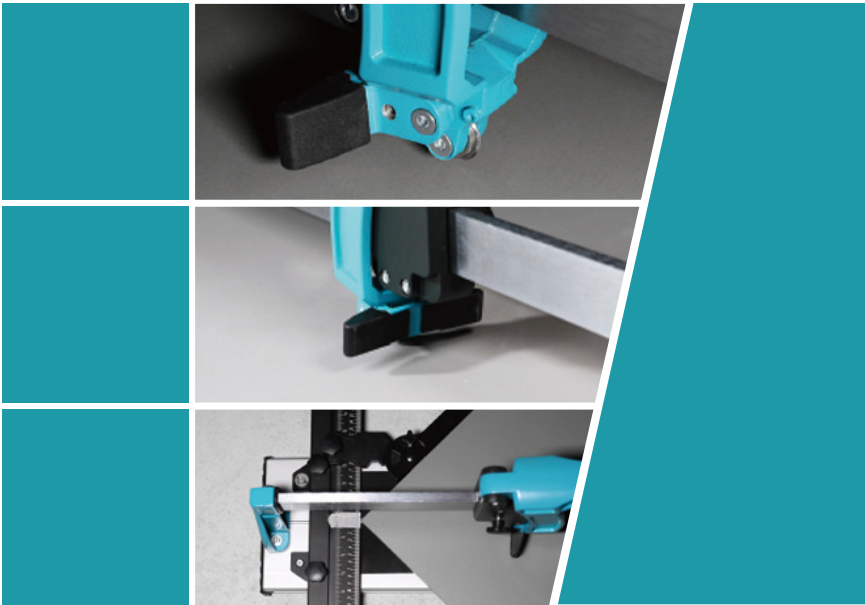

Part #	Cutting Length	Diagonal Cutting Length	Cutting Thickness
BT-TCB600	24"	16.6" x 16.6"	0.12" - 0.71"
BT-TCB800	31.5"	22" x 22"	0.12" - 0.71"
BT-TCB1000	40"	27.5" x 27.5"	0.12" - 0.71"
BT-TCB1200-PLUS	47.25"	33.5" x 33.5"	0.12" - 0.71"

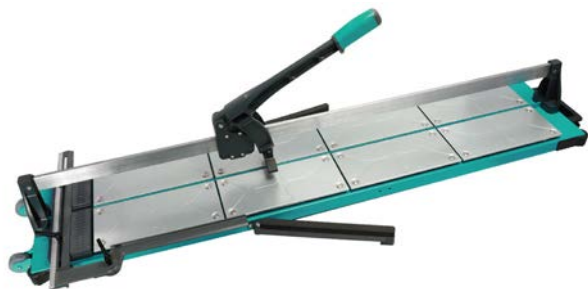

Professional Manual Tile Cutter

- Strong and durable aluminum die cast one-piece base
- Single guide rail with built-in ball bearing system for easy cutting of large tiles
- Ergonomic soft-grip handle
- Extension bars to support large tiles
- Magnetic absorption breaking device with 1,750 lbs of breaking power for single handed operation
- Gauge for straight and angled cutting, both in metric and inches
- Quick change 7/8" scoring wheel

Part #	Cutting Length	Diagonal Cutting Length	Cutting Thickness
BT-TCC900	36"	25" x 25"	0.16" x 0.63"
BT-TCC1200	47.25"	33.5" x 33.5"	0.16" x 0.63"
BT-TCC1650	65"	46" x 46"	0.16" x 0.63"

Professional Manual Tile Cutter

- PP and TPR soft-grip handle for comfort
- Roller bearing technology for smooth scoring action
- Metal base with spring base plates
- Extension arms for supporting larger tiles
- Gauge for straight and angled cutting
- Wheels and a handle for convenient and easy movement
- 1,750 lbs breaking power

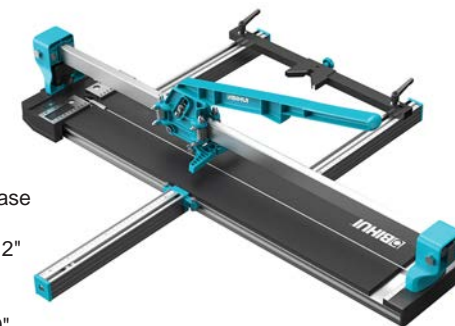

Part #	Cutting Length	Diagonal Cutting Length	Cutting Thickness
BT-TCM700	27.5"	19.5" x 19.5"	0.24" - 0.59"
BT-TCM900	36"	25" x 25"	0.24" - 0.59"
BT-TCM1200	47.25"	33.5" x 33.5"	0.24" - 0.59"
BT-TCM1650	65"	45.9" x 45.9"	0.24" - 0.59"

Strong Manual Tile Cutter

- Capable of cutting 2cm tile
- Thick double layer aluminum alloy base with wheels and carrying handle
- Solid single rail system with .87" scoring wheel for easy operation and smooth cuts
- Magnetic absorption breaking device
- Extension legs with 45° guide for large tiles
- Green laser line for precision cutting
- 2,205 lbs breaking power

Part #	Cutting Length	Diagonal Cutting Length	Cutting Thickness
BT-TCP1200	47.25"	33" x 33"	0.2" - 0.8"
BT-TCP1600	63"	44.5" x 44.5"	0.2" - 0.8"

Laser Manual Tile Cutter

- Thick .06" reinforced aluminum alloy base
- Solid rail system: .7" x 1.5"
- Long-lasting scoring wheel: .9" x .2" x .2"
- Magnetic absorption breaking device
- Adjustable cutting frame
- Extension bars for miter cutting: 39"/59"
- Guide for miter cutting: 45°
- Laser line for extra precision
- 1,750 lbs breaking power

Part #	Cutting Length	Diagonal Cutting Length	Cutting Thickness
BT-TCS1200	47.25"	33.5" x 33.5"	0.24" - 0.59"
BT-TCS1600	63"	44.5" x 44.5"	0.24" - 0.59"

10" Tile Saw

- Main table size of 18.9" x 17" with an extendable side and front making a total size of 36" x 24"
- 10" cutting blade with a cutting precision within 1/36"
- 90° cutting capacity of 3.75" thick and 45° cutting capacity of 1.5" thick
- LED light and laser light for more accurate cutting
- 20V, 0.3A water pump
- Capable of cutting materials such as porcelain tiles, ceramic tiles, marble, and more
- Portable stand for ease of use and transportation

Technical Data	
Part #	BT-TCSTW10
Voltage	110V/60Hz
Speed	4,500RPM
Power	1800W-15A
Cutting Blade Diameter	10"
Max Cutting Blade	5.25" x 0.75" x 0.375"
Max Cutting Thickness	3.75"
Max Cutting Angle	45°
Table Size	36" x 24"

Cutting Blade for 10" Wet Cutting Saw

- Replacement blade for BT-TCSTW10A wet saw

Part #	BT-TCSTW10A-CB
--------	----------------

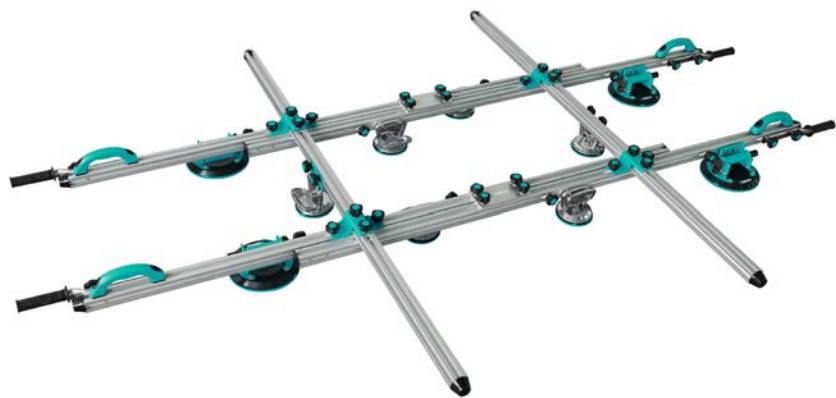

Electric Stone Cutter

- A robust design tailored for precision and efficiency
- Precision slicing up to 1.57" thick at 90°, 1" at 45°
- Dry cutting with dust extractor hood and adapter
- High-power, lightweight, and durable
- Ideal for tiles, stone, and concrete

Part #
BT-TCSC1600

Classic Carrier System

- Suitable for 10.5' x 5.25' slabs
- 286 lbs of lifting capacity
- Features 4 soft-grip handles
- Adjustable extension bar to adapt to tile sizes
- Use with or without crossbars
- Includes 4 vacuum suction cups and 6 aluminum suction cups

Part #	Size
BT-LFCSV4	126" x 63"

Trade Carrier System

- Suitable for 10.5' x 5.25' slabs
- 441 lbs of lifting capacity
- Features 4 soft-grip handles
- Four extension handles on the side for extra force
- Adjustable rails adapt to tile size
- Includes 6 vacuum suction cups with brass handles

Part #	Size
BT-LFCSV6	126" x 63"

Battery Powered Master Carrier System

- Battery Powered Master Carrier System Frame, Rails and Suction cups create a full system
- Features rails with four soft-grip handles on the top and four extension handles on the side for extra force
- Frame bars used to connect rails perpendicularly
- 6 battery-powered vacuum suction cups with digital panel compatible with both smooth and textured tiles
- Interchangeable design for arranging the suction cups
- Maximum size capacity: 10.5' x 5.25'
- Maximum lifting capacity of 441 lbs

Part #	Description
BT-LFCSB	Kit of Rails, Frame, and Suction Cups
BT-LFCSB-2R	Rails
BT-LFCSB-2F	Frame
BT-LFCSB-6C	Suction Cups
BT-LFCSBAG	Storage Bag

Tilers Multi-function Workbench

- Extendable tile supports for increased work space up to 46" long by 28-1/2" wide
- Longitudinal groove for 45° and 90° cutting
- 4-1/4" holes with drill guides for drilling
- Holds a maximum weight of 441 lbs
- Easy-to-use as a workbench with a manual tile cutter or as small scaffold
- Designed with 4 folding legs, carrying handles and wheel for easy transport.
- Comes complete with 2 F clamps, adjustable rulers and restraints

Part #	Size
BT-TWT900	Up to 28.5"

Tilers Master Workbench

- Folding legs, carrying handle, and large wheels for easily transporting and storing
- Height adjustment from the floor to 22", 24", 26", 28", and 30"
- Works as a table or trolley for fixing problems anywhere
- Suitable for cutting, drilling, and polishing jobs as well as transportation
- Holds a maximum weight of 441 lbs
- Double-sided work surface for various projects
- Table size of 41" x 17-1/3"

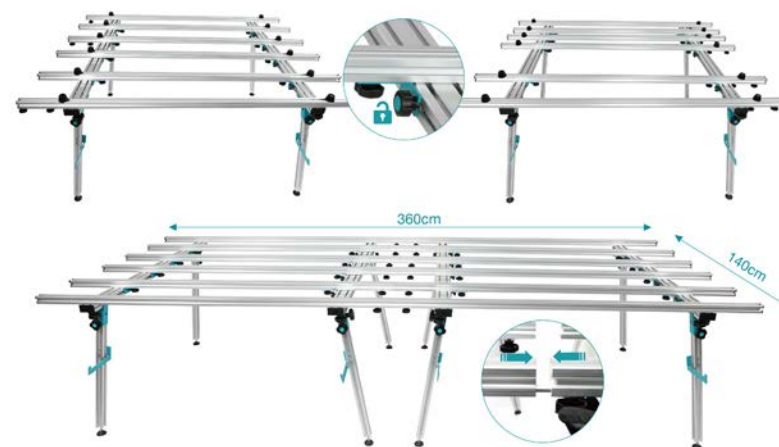

Part #	Size
BT-TWTMST	41" x 17-1/3"

Folding Work Stand Table

- Seconds to set and fold up
- Easy storage and transport to and from tiling jobs
- Holds a maximum weight of 660 lbs
- Aluminum alloy legs with soft-grip ends that won't scratch the ground surface
- Multiple support points for stability without shaking due to uneven ground surfaces
- Set up as a large portable workbench at any job site

Part #	Size
BT-LFFT	Up to 3' x 5'

Working Bench

- Easily assembles and disassembles for transport and storage
- Combine 2 work benches for larger projects
- 31.5" height, 55" width, 72" length
- Maximum capacity 441 lbs

Part #	Size
BT-LFWB	72" x 55"

Transport Cart

- Ideal for large format slabs
- Affords work area to apply adhesives
- 616 lbs capacity
- Suitable for 10.5' x 5.25' slabs

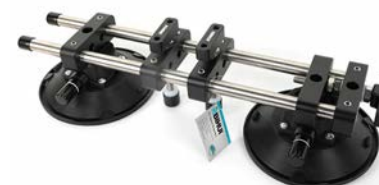

Part #	Size
BT-LFCART	10.5' x 5.25'

Tile Space & Level Regulator

- Easily adjust tile gaps up to 1-5/8"
- Two buttons for adjusting different tile levels
- Ideal for porcelain or stone tiles and glass
- Two 6" vacuum suction pads
- Maximum lifting capacity of 220 lbs

Part #	Gap Size
BT-LFTSB6	Up to 1-5/8"

Premium Tile Space & Level Regulator

- Easily adjust tile gaps up to 1-5/8"
- Two buttons for adjusting different tile levels
- Ideal for porcelain or stone tiles and glass
- Two 6" premium vacuum suction pads
- Maximum lifting capacity of 220 lbs

Part #	Gap Size
BT-LFTSR2	Up to 1-5/8"

Interchangeable Tile Space Regulator

- Easily and precisely adjust tile gaps up to 1-1/2"
- Two buttons for adjusting tile level
- Two-piece suction design allows suction cups to be used independently
- Maximum lifting capacity of 264 lbs
- Ideal for large format porcelain tile, stone tile, and glass

Part #	Gap Size
BT-LFTSA8	Up to 1-1/2"

Multi-angle Tile Fixer & Adjuster

- 6" vacuum suction cups provide better grip
- 90°, 180°, 270° alignment and tile gap adjustment
- Two buttons for adjusting tile level
- Lightweight and durable structure

Part #	Size
BT-LFTFV6	126" x 63"

5" Variable Speed Angle Grinder

- Six variable gears from 3,000-10,000RPM
- 1,400 watt angle grinder with constant speed, soft start
- Uses include grinding, polishing, cutting, and drilling
- Quick change blade cover to switch out blades with ease
- Compatible with all BIHUI USA 5" blades and bits
- Includes blade, wrench, guard, side handle, and carbon brushes

Technical Data

Part #	BT-AG1400A
Output	1400W
Voltage	110V/60hz
Amperage	12 amp
Speed	3000-10000RPM
Blade Diameter	4-1/2" and 5"
Thread	5/8"-11

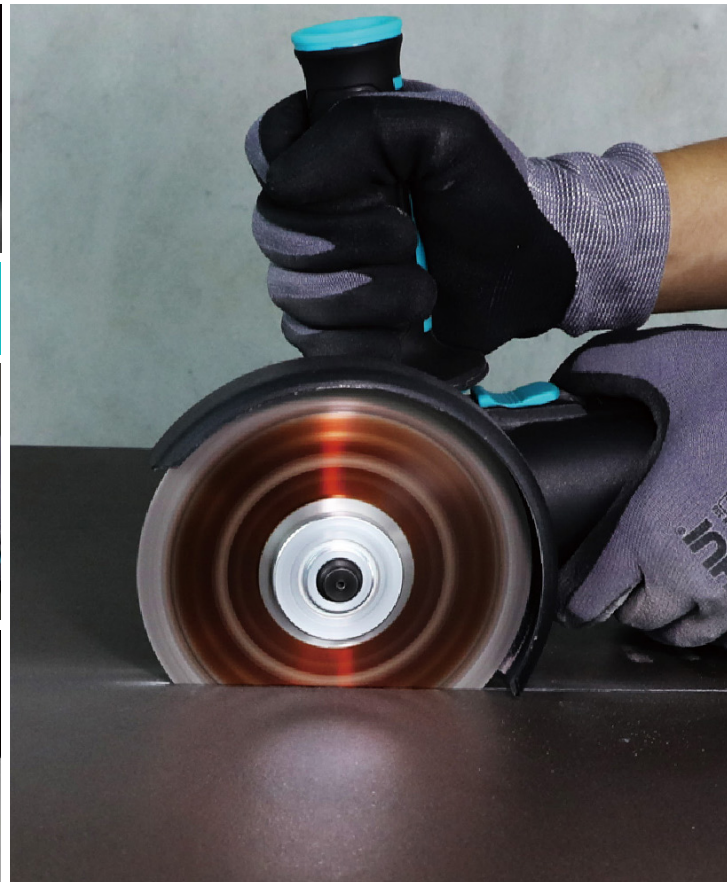

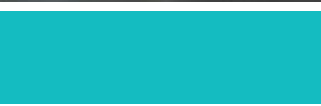

Mitre Jolly Cutting System

- 5" angle grinder (BT-AG1400A) with miter frame
- Stainless steel frame with cushion strip
- Cutting angle from 45° to 48°
- Max cutting thickness 3/4"
- Dust collection port for vacuum attachment
- Padded carrying case

Part

BT-LFMBA

Angle Grinder Extension Shaft Set

- 5/8"-11 thread angle grinder extension shafts
- Three lengths, 3", 4" and 5.5"
- Reach deep areas with ease
- Easy installation with both male and female threads

Part

BT-AGEXTS3

Sizes

3", 4", & 5-1/2"

Angle Grinder Adapter Chuck

- Easily converts the BIHUI angle grinder (BT-AG1004A) into a hand drill

Part

BT-MPADP3

Size

.67oz

B-Magic Diamond Blade

- For wet and dry cutting
- 3/8" continuous diamond rim
- Center bore reinforced with 2" double flange
- Suitable for cutting hard tiles, marble, slim slab, and more

Part #	Blade Diameter	Arbor Diameter
BT-DCDW115	4-1/2"	7/8"
BT-DCDW125	5"	7/8"

B-Speedy Diamond Blade

- For wet and dry cutting
- 3/8" continuous diamond rim
- Center bore reinforced with 2" double flange
- Suitable for hard tiles, porcelain tiles, and ceramic tiles

Part #	Blade Diameter	Arbor Diameter
BT-DCDM115	4-1/2"	7/8"
BT-DCDM125	5"	7/8"

B-Mosaic Diamond Blade

- For wet cutting only
- 3/8" continuous diamond rim
- Specifically designed for cutting mosaic tiles

Part #	Blade Diameter	Arbor Diameter
BT-DCDC115	4-1/2"	7/8"
BT-DCDC125	5"	7/8"
BT-DCDC125	7"	7/8"

B-Master Diamond Blade

- High-speed cutting with minimal chipping and self-cooling
- For wet and dry cutting
- 3/8" continuous diamond rim
- Center bore reinforced with 2" double flange
- Suitable for cutting hard tiles, porcelain tiles, ceramic tiles, and more

Part #	Blade Diameter	Arbor Diameter
BT-DCDA115	4-1/2"	7/8"
BT-DCDA125	5"	7/8"

B-Turbo Diamond Blade

- 1/4" continuous diamond rim
- Center bore reinforced with 2 3/4" double flange
- Suitable for cutting hard tiles, marble, slim slab, and more
- For wet and dry cutting

Part #	Blade Diameter	Arbor Diameter
BT-DCDT85	3-3/8"	7/8"
BT-DCDT115	4-1/2"	7/8"
BT-DCDT125	5"	7/8"
BT-DCDT200	8"	7/8"
BT-DCDT230	9"	7/8"

Select Series Diamond Blade

- Full 1/2" height rim with four special W design
- 1/10" thick body for universal cutting purpose
- Steel body is made with special steel for added rigidity
- High-speed cutting with minimal chipping and self-cooling
- Suitable for cutting granite, stone, and hard tiles
- For wet and dry cutting

Part #	Blade Diameter	Arbor Diameter
BT-DCDF115	4.5"	7/8"
BT-DCDF125	5"	7/8"
BT-DCDF230	9"	7/8"

B-Slim Diamond Blade

- For wet and dry cutting
- 3/8" continuous diamond rim
- Center bore reinforced with 2-3/4" double flange
- Suitable for cutting slim slab, porcelain tiles, ceramic tiles, and more

Part #	Blade Diameter	Arbor Diameter
BT-DCDS115	4-1/2"	7/8"
BT-DCDS125	5"	7/8"

Multi-Purpose Diamond Blade

- Suitable for cutting stainless, ceramic, concrete, masonry, plastic, and light wood
- 3/32" thickness for steady cutting
- 1/8" height segment diamond rim
- For wet and dry cutting

Part #	Blade Diameter	Arbor Diameter
BT-DSBS115	4-1/2"	7/8"
BT-DSBS125	5"	7/8"
BT-DSBS180	7"	7/8"

Metal Master Diamond Blade

- Suitable for cutting aluminum, steel pipe, steel sheet, angle iron, rebar, PVC pipe, and more
- 1/20" thickness for slim cutting
- Full 1/8" height continuous diamond rim
- For wet and dry cutting

Part #	Blade Diameter	Arbor Diameter
BT-DSBC115	4-1/2"	7/8"
BT-DSBC125	5"	7/8"
BT-DSBC180	7"	7/8"

General Diamond Blade

- Suitable for cutting aluminum, steel pipe, drywall, plastic, light wood, fiber cement, and more
- 1/20" thickness for slim cutting
- 1/8" height segment music slot diamond rim
- For wet and dry cutting

Part #	Blade Diameter	Arbor Diameter
BT-DSBM115	4-1/2"	7/8"
BT-DSBM125	5"	7/8"
BT-DSBM180	7"	7/8"

Super-Thin Turbo Diamond Blade

- Super-thin design ensures minimal chipping, perfect for detail work on tough materials
- Designed for precise, smooth cuts on porcelain and hard tiles
- For wet and dry cutting

Part #	Blade Diameter	Arbor Diameter
BT-DCBK5	5"	7/8"

Super-Narrow Teeth Diamond Blade

- Super-narrow teeth ensure precision and smooth, fine cuts with less dust
- 3/4" cutting depth
- Cuts marble, natural stone, and artificial stone
- For wet and dry cutting

Part #	Blade Diameter	Arbor Diameter
BT-DCBN115	4-1/2"	7/8"
BT-DCBN5	5"	7/8"

Super-Thin Turbo Diamond Blade

- 3/4" cutting depth
- Reinforced flange for greater durability
- Delivers fine cuts with less dust
- Suitable for tile, marble, natural stone, and artificial stone
- For dry cutting only

Part #	Blade Diameter	Arbor Diameter
BT-DCBT115	4-1/2"	7/8"
BT-DCBT5	5"	7/8"

Segment Diamond Blade

- 3/8" cutting depth
- Delivers high-speed cutting with minimal chipping
- Self-cooling
- Suitable for cutting hard tile including porcelain and ceramic
- For wet and dry cutting

Part #	Blade Diameter	Arbor Diameter
BT-DCBS120	4-3/4"	3/4"

Vacuum Brazed Diamond Cutting & Grinding Wheel

- Designed for beveling, small cuts, grinding, rounding, and shaping corners
- Can be used with any standard grinder - no adapters needed
- Maximum RPM of 12,250
- Suitable for materials like porcelain, marble, and granite, etc.

Part #	Blade Diameter	Arbor Diameter
BT-DCWMM115A	4.5"	5/8"-11

Electroplated Diamond Cutting & Grinding Wheel

- Designed for finishing tiles, beveling, small cuts, grinding, rounding, and shaping edges and corners
- Can be used with any standard grinder - no adapters needed
- Maximum RPM of 13,300
- Suitable for materials like porcelain, marble, and granite

Part #	Blade Diameter	Arbor Diameter
BT-DCWME115A	4.5"	5/8"-11

Edge Cutting & Grinding Blade

- Full 1" height continuous diamond rim
- 5/64" thickness for extra strength and rigidity
- Hot-pressed steel body and double-sided diamond layer
- Delivers high-speed cutting with minimal chipping and self-cooling
- Designed for use with angle grinders (max 12,250 RPM)
- Suitable for cutting hard tile, porcelain tiles, and all other hard materials

Part #	Blade Diameter	Arbor Diameter
BT-DPE125	4.5"	5/8"-11

Mini Diamond Blade

- For fast and precise cutting with great adaptability
- Ideal for cutting ceramic tiles, porcelain, marble, and stone

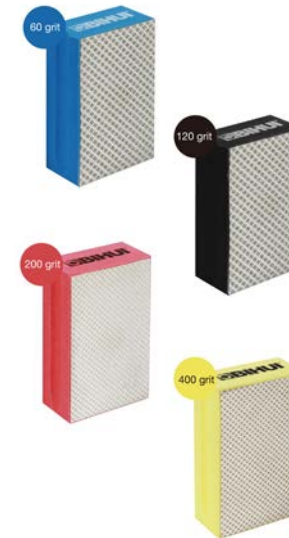

Part #	Blade Diameter	Arbor Diameter
BT-DCW50A	2"	5/8"-11
BT-DCW60A	2-3/8"	5/8"-11

Mini Diamond Cup Wheel

- For fast grinding in tight areas
- Ideal for grinding concrete, screed, and adhesive
- Turn by hand to check concentric rotation

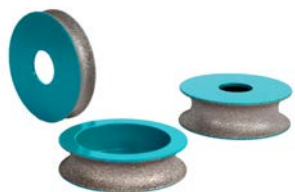

Part #	Blade Diameter	Arbor Diameter
BT-DGW50A	2"	5/8"-11

Diamond Hand Pad

- The ideal hand size for easy finishing on bull-nosed shapes and areas that are hard to reach with power tools
- For wet and dry edge and surface grinding
- Suitable for porcelain, marble, granite, and glass
- Use the entire diamond surface for the best results
- 1-3/4 x 3-3/4" pad

Part #	Grit
BT-DHP060	60#
BT-DHP120	120#
BT-DHP200	200#
BT-DHP400	400#

Premium Bullnose Grinding Wheel

- Bullnose design for quick beveling
- Medium grit for general grinding
- Perfect for use with an angle grinder
- Suitable for grinding hard tiles, porcelain tiles, ceramic tiles, and more

Part #	Blade Diameter	Thickness
BT-DGW310	3"	3/8"
BT-DGW315	3"	5/8"
BT-DGW320	3"	3/4"

Universal Diamond Grinding Flap Wheel

- Spiral turbo design for aggressive and fast grinding
- Durable diamond and silicon carbide flaps
- Suitable for grinding and smoothing porcelain, marble, and granite

Part #	Blade Diameter	Grit
BT-DPF060	4-1/2"	60#
BT-DPF120	4-1/2"	120#
BT-DPF200	4-1/2"	200#

Fluted Rub Brick

- 20# concrete rubbing stone
- Used for smoothing corners, edges after removal of forms
- Great for cleaning bricks

Part #	BT-CTBRICK
--------	------------

Dressing Stone

- For profiling, dressing, and sharpening grinding wheels
- Good for reconditioning diamond blades
- Dimensions: 8" x 2" x 1"

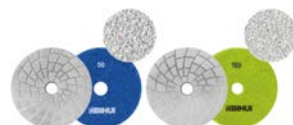

Part #	BT-DCBDSS
--------	-----------

Polishing Pad Holder

- Rubber backing pad for diamond polishing pads
- Velcro connection to polishing pad

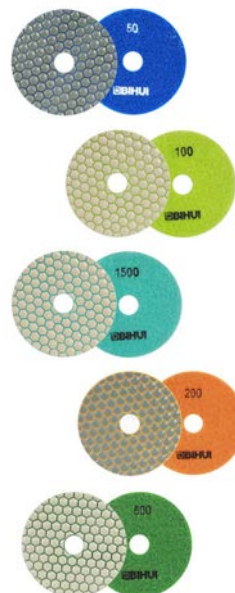

Part #	Pad Diameter	Thread
BT-DPPH4A	4"	5/8"-11

Vacuum Brazed Diamond Polishing Pad

- For aggressive grinding and polishing flat and beveled surfaces
- Designed for tile, porcelain, marble, and glass

Part #	Pad Diameter	Grit
BT-DPV405	4"	50#
BT-DPV410	4"	100#

Diamond Polishing Pads

- Great for polishing flat surfaces and beveled edges
- Light color pad design specially ideal for white and light color materials
- Works with BIHUI Polishing Pad Holder (BT-DPPH4A)

Part #	Pad Diameter	Grit
BT-DPP405	4"	50#
BT-DPP410	4"	100#
BT-DPP420	4"	200#
BT-DPP480	4"	800#
BT-DPP415	4"	1500#

3/8" Diamond Mill

- For enlarging or polishing holes
- Medium grit diamond mill
- 5/8"-11 thread for use with standard angle grinders
- Suggested minimum RPM of 1,500

Part # BT-DMB10A

3/4" Diamond Mill

- For enlarging or polishing holes
- Medium grit diamond mill
- 5/8"-11 thread for use with standard angle grinders
- Suggested minimum RPM of 1,500

Part # BT-DMB20A

4 in 1 Diamond Mill

- For enlarging or polishing holes
- Multi-functional, 3/8" - 1" chamfering diamond mill
- 5/8" -11 thread for use with standard angle grinders
- Suggested minimum RPM of 1,500

Part # BT-DM4N1A

Up to 1-1/2" Diamond Mill

- For enlarging or polishing holes
- Medium grit, conical diamond mill
- 5/8" -11 thread for use with standard angle grinders
- Suggested minimum RPM of 1,500

Part # BT-DMC238A

Up to 2" Diamond Mill

- For enlarging or polishing holes
- Medium grit, conical, flat top diamond mill
- 5/8"-11 thread for use with standard angle grinders
- Suggested minimum RPM of 1,500

Part # BT-DMF2048A

Adapter for Electric Drill

- Adapter for use with an electric drill
- Converts your drill to use 5/8" - 11 attachments
- Suggested minimum speed: 2,500 RPM

Part # BT-DBAAH

Turbo Dry Drill Bit

- 5/8"-11 thread compatible with common angle grinders
- Fast-cutting diamond tip
- Suggested RPM 11000
- Suitable for drilling porcelain, marble, and granite

Part #	Size	Part #	Size
BT-DBDA06	1/4"	BT-DBDA50	2"
BT-DBDA08	5/16"	BT-DBDA55	2-3/16"
BT-DBDA10	3/8"	BT-DBDA60	2-3/8"

BT-DBDA45	1-3/4"		

Cooling Wax Diamond Dry Drill Bits

- Provides for optimal performance and longer life of dry diamond bits

Part #	Size
BT-DBCW20	0.67oz
BT-DBCW30	1oz
BT-DBCW50	1.7oz
BT-DBCW100	100 pieces of 1oz

Quick Change Diamond Dry Drill Bit

- Long-lasting, fast-cutting diamond drills
- Handle quickly clips to drill shaft
- Suggested 2,500 RPM
- Suitable for drilling porcelain, marble, and granite

Part #	Size	Part #	Size
BT-DBDQ06	1/4"	BT-DBDQ12	1/2"
BT-DBDQ08	5/16"	BT-DBDQ14	9/16"
BT-DBDQ10	3/8"	BT-DBDQ20	3/4"

Electroplated Diamond Drill Bit

- Provides a clean and accurate cut with every use
- Suitable for drilling porcelain, marble, granite, glass, and travertine
- For wet cutting, maximize performance by ensuring drill is cooled with water
- Quick change shank

Part #	Size	Part #	Size

Diamond Turbo Drill Set, 7 Pieces

- Long-lasting, fast-cutting diamond mills
- 5/8"-11 connection for angle grinder
- Suitable for porcelain, marble, and granite
- Includes drill sizes 1/4" (BT-DBDA06), 5/16" (BT-DBDA08), 3/4" (BT-DBDA20), 1-3/8" (BT-DBDA35), 2" (BT-DBDA50), 2-3/4" (BT-DBDA70), and a 5/8"-11 to hexagon adapter for a drill (BT-DBAAH)

Part #	BT-DBDAK7
--------	-----------

Diamond Turbo Drill Set, 10 Pieces

- Long-lasting, fast-cutting diamond mills and drills
- Suitable for porcelain, marble, and granite
- Perfect for enlarging and polishing holes
- Includes diamond mills in 3/4" (BT-DBDA28), and 3/4"-1-7/8" (BT-DMC2048A)
- Includes drill sizes 1" (DBDA25), 1-3/8" (DBDA35), 1-5/8" (DBDA40), 1-3/4" (DBDA45), 2-3/8" (BT-DBDA60), and 2-5/8" (BT-DBDA68)
- Includes a 5" diamond cutting blade (BT-DCDM125) and cooling wax (BT-DBCW20), and a drill guide master (BT-DBGM)

Part #	BT-DBDAK10
--------	------------

Vacuum Brazed Diamond Mills Set, 6 Pieces

- Long-lasting, fast-cutting diamond mills
- Suitable for porcelain, marble, and granite
- Includes diamond mills in 3/8" (DMB10A), 3/4" (DMB20A), 3/32"-1-1/2" (DMC238A), 3/4"-1-7/8" (DMC2048A), 5/8"-11 to hexagon adapter for a drill (DBAAH), and cooling wax (DBCW20)

Part # BT-DBDAS6

Vacuum Brazed Diamond Mills and Drill Bits Set, 10 Pieces

- Long-lasting, fast-cutting diamond mills and drills
- Suitable for porcelain, marble, and granite
- Perfect for enlarging and polishing holes
- Includes diamond mills in 3/8" (DMB10A), 3/4" (DMB20A), 3/32"-1-1/2" (DMC238A), and 3/4"-1-7/8" (DMC2048A)
- Includes drill sizes 1/2" (DBDA12), 3/4" (DBDA20), 4-1/2" (DBDA115)
- Includes a 5/8"-11 to hexagon adapter for a drill (DBAAH), cooling wax (DBCW20), and a drill guide master (DBGM)

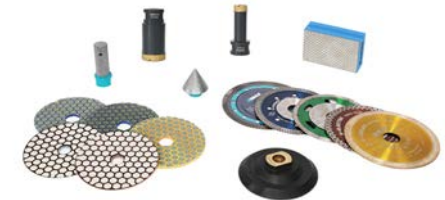

Part # BT-DBDAS10

Turbo Dry Drill Set, 7 Pieces

- Long-lasting, fast-cutting diamond mills
- Suitable for porcelain, marble, and granite
- Includes diamond mills in 3/8" (DMB10A), 3/4" (DMB20A), 3/32"-1-1/2" (DMC238A), 3/4"-1-7/8" (DMC2048A), 5/8"-11 to hexagon adapter for a drill (DBAAH), cooling wax (DBCW20), and a drill guide master (DBGM)

Part # BT-DBDAS7

Professional Diamond Tools Kit, 16 Pieces

- Long-lasting, fast-cutting diamond mills and drills, diamond blades, and polishing tools
- Suitable for porcelain, marble, and granite
- Perfect for cutting, enlarging, and polishing holes
- Includes diamond mills in 3/4" (DMB20A), 3/32"-1-1/2" (DMC238A)
- Includes drill sizes 3/4" (DBDA20), 1-1/2" (DBDA38)
- Includes 4-1/2" and 5" diamond blade cutting discs
- Includes 4", #50, #100, #200, #800, and #1500 polishing pads (DPP405, DPP410, DPP420, DPP480, DPP415), polishing pad holder (DPPH4A), and hand polishing pad in #60 (DHP060)

Part # BT-DBDAS16

Vacuum Brazed Coating & Glue Grinding Cup Wheel

- Spiked diamonds for aggressive and fast material removal and surface preparation
- Features large air holes designed to maintain a cool, stable cutting pattern and reduce wear
- Reinforced compound technology with high durability against impact and abrasion
- Suitable for grinding and smoothing materials like concrete, granite, sandstone, and building materials

Part #	Blade Diameter	Arbor Diameter
BT-DCWG5	5"	7/8"
BT-DCWG7	7"	7/8"

Dual-Row Cup Wheel

- Double row design for aggressive and fast material removal as well as surface preparation
- Features large air holes designed to maintain a cool, stable cutting pattern and reduce wear
- Suitable for grinding, smoothing, and removing adhesives and materials from concrete, granite, sandstone, and other building materials
- Maximum RPM of 12,250

Part #	Blade Diameter	Arbor Diameter
BT-DCWD5	5"	7/8"
BT-DCWD7	7"	7/8"

Turbo Cup Wheel

- Spiral turbo design for aggressive, fast material removal and surface preparation
- Features large air holes designed to maintain a cool, stable cutting pattern and reduce wear
- Maximum RPM of 8,500
- Suitable for grinding, smoothing, and for removal of adhesives and other material from concrete, granite, sandstone, and building material

Part #	Blade Diameter	Arbor Diameter
BT-DCWT5	5"	7/8"
BT-DCWT7	7"	7/8"

Fan Cup Wheel

- Turbo fan design for aggressive, fast material removal and surface preparation
- Features large air holes designed to maintain a cool, stable cutting pattern and reduce wear
- Suitable for grinding and smoothing materials like concrete, granite, sandstone, and other building material
- Maximum RPM of 12,250

Part #	Blade Diameter	Arbor Diameter
BT-DCWF5	5"	7/8"
BT-DCWF7	7"	7/8"

Arrow Cup Wheel

- Arrow segment design for aggressive, fast surface preparation and material removal
- Features large air holes designed to maintain a cool, stable cutting pattern and reduce wear
- Suitable for grinding and smoothing materials like concrete, granite, sandstone, and other building materials
- Also works well for removal of adhesive, epoxy, and paint
- Maximum RPM of 12,250

Part #	Blade Diameter	Arbor Diameter
BT-DCWA5	5"	7/8"
BT-DCWA7	7"	7/8"

Drill Guide Master

- Adjustable hole saw drill guide with 5" suction rubber base
- Integrated water hole attaches to cooling system for wet drilling
- Fixed hole size from 5/32" to 1- 3/8"
- Adjustable steel plate with a maximum length of 3-1/8"
- Suction cup suitable for tile, glass, marble, granite, and other hard surfaces
- Suction cup can be removed and used individually with a maximum lifting capacity of 77 lbs.

Part # BT-DBGM

Universal Guide

- High-quality suction pad for locating the hole
- Integrated with a steel plate for precise drilling
- Made of ABS material with a comfort nylon handle
- Suitable for drill sizes of 5/32" to 9/16"

Part # BT-DBGU

Multi-Functional Adjustable Tile Hole Locator

- Made of 1/10" alloy material
- Laser calibration in both centimeters and inches
- Six-sided foldable arms with 360° free fixing knobs
- Guide in 1-3/4", 1-1/2", and 1" for drilling holes on tiles, glass, marble, granite, or other hard surfaces

Part # BT-DBG6

Dust extractor for hole drilling

- Collects dust while drilling wall or floor tiles, concrete, bricks, etc.
- Can be used with drills up to 2-5/6"
- Designed to guide the drill to the hole
- Three-step rubber connector to the vacuum cleaner
- Benefits to health and environment

Part # BT-TDBS

Grinding Dust Extractor

- 5" to 7" dust extractor
- Universal connectors for angle grinders
- Brush rim largely prevents fine dust from leaking
- Adjustable front piece allows edge work
- Adjustable snap closure for securely mounting on an angle grinder
- Spare brushes available (BT-DCWDEB)

Part # BT-DCWDE5

Multi-Purpose Dust Box

- Dust hole for connecting to a vacuum
- Dust trash door underneath
- Soft handle for easy carry
- Lightweight and solid structure

Part # BT-TDB

Bucket Dust Collector

- Universal size dust collector for buckets
- Quickly clamps on the bucket with a spring
- Three-step rubber connector to the vacuum cleaner
- Fast extraction designed to reduce dust
- Suitable for a mixing bucket up to 1-3/8" thick

Part # BT-TDBM

10 Gallon HEPA Vacuum

- Equipped with 2 HEPA filters to stop 99.95% of fine dusts at 0.3µm
- Wet and dry for liquids and dry solids extraction
- 10 Gal injection molded tank provides big storage capacity
- Power socket for power tool use activates automatically on start of the vacuum cleaner
- Suction power control for adapted suction performance
- Automatic trailing mechanism for emptying the suction hose completely
- Large, robust wheels and castors built to withstand the tough construction site
- Cable wrap for convenient cord storage
- Practical accessory case and storage area

Technical Data	
Part Number	BT-VCA38
Voltage / Frequency	110V/60Hz
Motor Power	1.85hp
Airflow (Max)	153CFM
Water Lift (Max)	104"
Filter Efficiency	HEPA, >99.5%@0.3µm
Filter Cleaning	Innovated Auto Cleaning
Airflow	Adjustable
Power Socket	1200W
Remote Control Start	Optional
Tank Capacity	10 Gal
Weight	30 lbs
Dust Class	H Class

9.25 Gallon HEPA Vacuum

- High-quality stainless steel suction tubes
- Flow rate monitoring with LED and acoustic warning signals
- Hose diameter selector switch
- Robust chassis with extra-large, construction-site-suitable wheels and swivel castors
- Adjustable, foldable push bar for easy transport
- Constantly high air flow including during filter cleaning
- Electronic soft start with deferred rundown switch
- Power socket with automatic switch-on for attached machine
- Water recognition with sensor disconnection
- Special plastic bag for clean disposal

Technical Data	
Part Number	BT-VCL35
Voltage / Frequency	110V/60Hz
Motor Power	1.85 hp

Leveling Compound Mixing Station

- 26 Gal all-in-one professional-grade tool for mixing large amounts of self-leveling compounds, epoxy, and paint
- Ergonomic handle and damping structure angles for easy pouring
- Removable 1900W, 110V/560HZ mixing machine with large paddle
- Brake transporting castors and lightweight frame
- Arc-shaped pouring spout and dust cover plate

Technical Data	
Part Number	BT-MS1900A
Measurement	29" x 22" x 39"
Net Weight	73.85 lbs
Power	1900W

Uncertainty K (m/s3)	K= 1,5m/s2

(800) 798-6657

Mixing Station with Timer

- 17 Gal tool with a timer for mixing large amounts of tile adhesive, cement, paint, varnish, epoxy, resin, and more
- Thermal protection prevents the motor from overloading
- Three piece design and two large wheels for easy transport and storage

Technical Data	
Part Number	BT-MMWT65A
Net Weight	58.5 lbs
Power	900W
Voltage/Frequency	110V/60HZ
Motor Speed	1440rpm/min
Rotation Speed	65rpm/min
Capacity	17 Gal
Capacitor	110 lbs
Wire Length	9.8'

www.BIHUIUSA.com

1800W Electric Mixer, 32 Gallon

- Specially designed paddle for fast and effective mixing of viscous materials
- High-torque for powerful mixing
- Variable speed with soft startup
- Ergonomic handles to reduce operator fatigue
- Light-weight, impact-resistant motor housing provides durability without unnecessary weight
- Mixing volume 32 Gal
- Suitable for mixing cement, paints, tile adhesive, and more

Technical Data	
Part Number	BT-MMA1800
Output	1800W
Voltage	110V/60Hz
Speed	200-480RPM / 300-750RPM
Fitting	M14
Paddle	5.5" x 24"
Mixing Volume	32 Gal
LpA	97dB(A)
LwA	108dB(A)
aw(Vibration)	5.5m/s2 K=1.5m/s2
Protection	Class II

5 Gallon Bucket Liner

- Expertly crafted from high-quality, durable silicone, guaranteeing long-lasting use
- Unlike disposable liners, our product is designed for easy cleaning and repeated use, helping you save money and reduce waste
- Whether for thinset mixing, paint application, or material storage our bucket liner is versatile and suitable for a wide range of uses

Part #	BT-MPBL20
--------	-----------

Heavy Duty Drill Mixer Set

- Variable speed trigger with lock-on button for continuous operation
- Forward/reverse switch
- Rear D-handle rotates 360°
- M14 thread

Technical Data	
Part Number	BT-MMD1214
Output	1800W
Voltage	110V/60Hz
Speed	200-480RPM / 300-750RPM
Fitting	M14
Paddle	5.5" x 24"
Protection	Class II

Twist Glue Mixing Paddle

- M14 steel handle with metal hanger
- Zinc plated for corrosion resistance
- 23-5/8" long
- Suitable for mortar, tile adhesive, plaster, screed mortar, and filling compounds

Part # BT-MPGZ600

Paint Mixing Paddle

- Hexagonal mixing shaft allows comfortable upright posture
- Powder-coated for greater durability and corrosion resistance
- 15-3/4" long
- Fits 1/2" or 3/8" drill chuck
- Suitable for mixing mud and paint

Part # BT-MPPS400

Big Spiral Mixing Paddle

- Chrome plated for corrosion resistance
- 23-5/8" long
- M14 steel handle with metal hanger
- Suitable for mortar, tile adhesive, plaster, screed mortar, and filling compounds

Part # BT-MPSC600

Double Box Mixing Paddle

- Hexagonal mixing shaft allows comfortable upright posture
- 30" long
- Fits 1/2" or 3/8" drill chuck
- Suitable for mixing thin-set mortar, tile adhesives, filling compounds, grout, or plaster

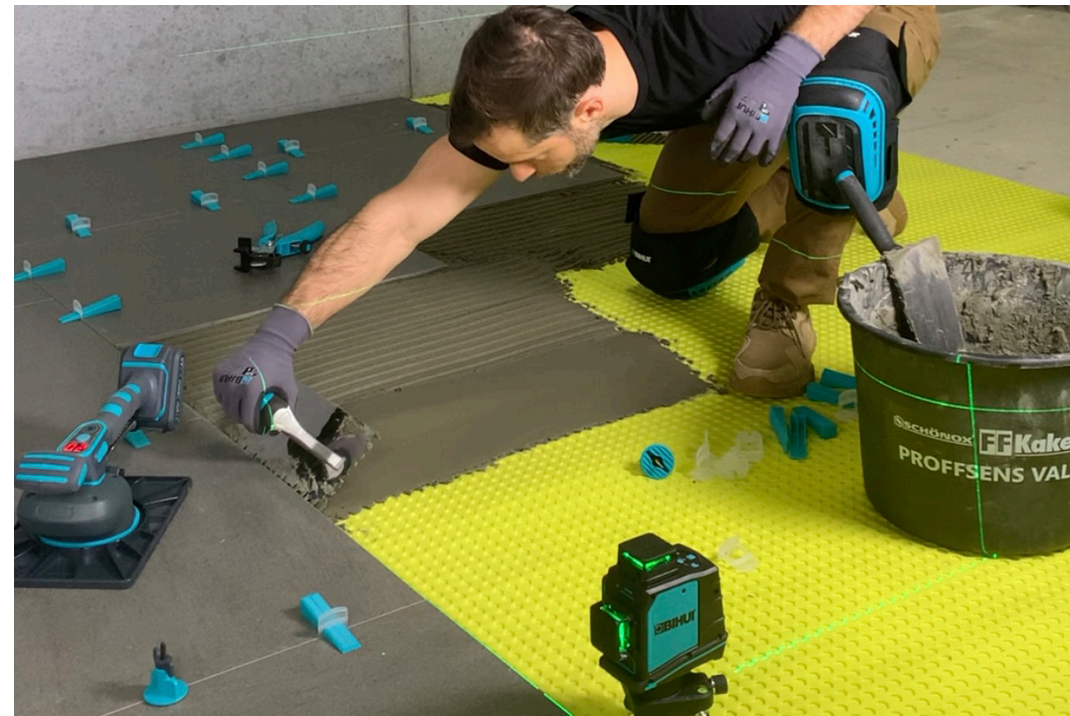

Part # BT-MPD760

12 Line Laser Level

- 360° self-leveling green beam 12 line laser level
- Includes USB charging, lithium-ion battery laser
- Bracket for adjusting and level spirit
- Green glasses and target plate included

Part #	Description
BT-LLG12A	Laser Level
BT-LLG12-BAT	Extra Battery
BT-LLG12-RCV	Laser Receiver
BT-LLG-TRP	Tripod

Screed Set

- Includes screeds in size: 18", 24", 30", 36", 54", 72"
- Straight edges with an accuracy of ± 0.002 in/in
- Features a heavy-duty rectangular construction providing exceptionally strong, light weight, straight edges
- Clear anodized aluminum construction guarantees it will not rust, rot, or warp, and is easy to clean
- Used for leveling material in tiling, concrete paving, and landscape work

Part #	BT-TASES6
--------	-----------

Tile Spirit Levels

- Accuracy: 0.02in/in
- Finely milled surface for accuracy
- Shockproof rubber end caps
- Comfortable rubber handle
- Three solid acrylic shockproof vials to check horizontal and vertical levels

Part #	Size
BT-TSL060	24"
BT-TSL100	40"
BT-TSL120	48"
BT-TSL180	72"

Tile Beater Block

- Used for installation of large format tile
- Helps increase adhesive bonding between tile and thin-set mortar
- TPR soft-grip handle
- 3/8" heavy-duty rubber pad
- 14" x 5-3/4" rectangle

Part #	BT-BLFTBT
--------	-----------

Vibration Tile Beater

- Digital control panel with 6 speeds
- Eco-grip handle for maximum comfort
- Powered with a 21V lithium-ion battery
- Suction cup with 77 lb lifting capacity

Part #	Description
BT-LFTBA	Tile Beater with 1 Battery
BT-LFTBA-Plus	Tile Beater with 2 Batteries
BT-LFTBA-BAT	Spare Battery
BT-LFTBA-CG	Charger

CVT Vibration Tile Beater

- Evenly distribute adhesive under tiles and big slabs during installation
- Powered by lithium battery to extend runtime
- Battery life indicator and 2 hour charging time
- TPR grip handle for maximum comfort
- Suction cup with 77 lb lifting capacity
- Designed with spirit level bubble and working light

Part #	Description
BT-LFTBV	Tile Beater with 1 Battery
BT-LFTBU	Tile Beater with 2 Batteries
BT-LFTBV-BAT	Spare Battery
BT-LFTBV-RB	Suction Cup
BT-LFTBV-CG31	Charger

BPTT Smart Vibration Tile Beater

- Evenly distribute adhesive under tiles and big slabs during installation
- Powered by 21V-2ah lithium-ion battery
- Continuous variable transmission speed from 0 to 10,000 RPM
- Anti-vibration, TPR grip handle for maximum comfort
- Suction cup with 99 lb lifting capacity
- Designed with spirit level bubble, large fixing clamp, and working light

Part #	Description
BT-LFTBS	Tile Beater with 1 Battery

Tile Beater Board

- Square tile beating block with center hole
- Overall size of 10" x 7" x 0.5"
- 5" across and 0.28" deep middle opening
- Compatible with most vibration tile beaters

Part #	BT-LFTBV-BB
--------	-------------

Electric Vacuum Suction Cup

- Maximum lifting capacity of 375 lbs
- Powered by a 21V lithium-ion battery
- Digital gauge showing pressure
- Smart sensor monitoring maintains optimum suction
- Double layer pad for smooth surfaces
- Additional pad specifically for textured items
- Works continuously for 3 hours
- Fully charged in 2.5 hours

Part #	
BT-LFBSL	Suction Cup
BT-LFBSL-RUB	Replacement Pad
BT-BP21-BAT2.0	Spare Battery

LVT Battery Suction Cup

- Maximum lifting capacity of 265 lbs
- Narrow design, suitable for tiles with a width of 4"
- Iron tapping connectors on both sides for gap adjustment
- Smart sensor to monitor and maintain optimum suction with intelligent air replenishment below 198 lbs
- Suitable for both smooth and rough surfaces
- Simple and efficient operation with one-click adsorption and 2 click releasing
- Rechargeable 3.7V/3200mAh battery with USB-C charging

Part #	BT-SCBLVT
--------	-----------

BPTT 8" Battery Vacuum Suction Cup

- Automatic air replenishment mechanism for safe carrying
- Features dual monitoring system, digital display, and pressure gauge
- Long-lasting large lithium battery 21700,4000Ah
- Electric lifting capacity of 309 lbs
- Anti-slip handle designed for added comfort
- Works on both smooth and rough surfaces

Part #	BT-SCBC8
--------	----------

8" Battery Vacuum Suction Cup Kit

- Includes electric battery plunger
- Manual and electric pump action
- Manual lifting capacity 243 lbs
- Electric lifting capacity 309 lbs
- Anti-slip plastic handle
- Suitable for both smooth and textured surfaces
- Conveniently charge battery with USB-C charger

Part #	Description
BT-SCBB8	Suction Cup Kit
BT-SCBB8-PG	Extra Battery Pump

8" Battery Vacuum Suction Cup Kit

- Includes electric battery plunger
- Manual and electric pump action
- Manual lifting capacity 243 lbs
- Electric lifting capacity 309 lbs
- Anti-slip plastic handle
- Suitable for both smooth and textured surfaces
- Remove battery plunger from suction cup to charge in separate charger
- Includes a 1200mAh 3.7V rechargeable battery for long-lasting performance

Part #	Description
BT-SCBS8	Suction Cup Kit
BT-SCBS8-PG	Extra Battery Pump

8" Pump Suction Cup for Texture

- 243 lbs lifting capacity
- Anti-slip, soft-grip handle
- Lightweight durable structure
- Quick release lever and comfort pump action
- Suitable for smooth and texture surfaces
- Ideal for large porcelain or stone, tiles, and glass

Part #	Description
BT-SCVU8	Suction Cup
BT-SCVU8-PG	Replacement Plunger

6" Manual Vacuum Suction Cup

- Durable multi-level rubber suction cup
- Heavy-duty steel handle and brass tube
- Easy pump action and quick release lever
- Ideal for large porcelain or stone, tiles, and glass
- Lifting capacity 220 lbs

Part # BT-SCVM6

8" Manual Vacuum Suction Cup

- Durable multi-level rubber suction cup
- Heavy-duty steel handle and brass tube
- Easy pump action and quick release lever
- Ideal for large porcelain or stone, tiles, and glass
- Lifting capacity 265 lbs

Part # BT-SCVM8

6" Manual Vacuum Suction Cup with Pressure Gauge

- Pressure monitor provides user confirmation of vacuum level
- Durable multi-level rubber suction cup
- Heavy-duty steel handle and brass tube
- Easy pump action and quick release lever
- Ideal for large porcelain or stone, tiles, and glass
- Lifting capacity 220 lbs

Part # BT-SCVG6

8" Manual Vacuum Suction Cup with Pressure Gauge

- Pressure monitor provides user confirmation of vacuum level
- Durable multi-level rubber suction cup
- Heavy-duty steel handle and brass tube
- Easy pump action and quick release lever
- Ideal for large porcelain or stone, tiles, and glass
- Lifting capacity 265 lbs

Part # BT-SCVG8

Replacement Plungers

Part #	Description
BT-SCV-PG8	Replacement plunger for BT-SCVG8 and BT-SCVM8
BT-SCV-PG6	Replacement plunger for BT-SCVG6 and BT-SCVM6

Mega Suction Cup

- 5" suction cup
- 88 lbs of lifting capacity
- Made of aluminum with rubber suction cup
- Jumbo ergonomic handle
- Ideal for carrying ceramic tiles, marble, and glass
- Before use, always insure surface is clean and smooth

Part # BT-SCSB4

Mega Double Suction Cup

- Two connected 5" suction cups
- 187 lbs of lifting capacity
- Made of aluminum with rubber suction cup
- Jumbo ergonomic handle
- Ideal for carrying ceramic tiles, marble, and glass
- Before use, always insure surface is clean and smooth

Part # BT-SCDB4

Mega Triple Suction Cup

- Three connected 5" suction cups
- 234 lbs of lifting capacity
- Made of aluminum with rubber suction cup
- Jumbo ergonomic handle
- Ideal for carrying ceramic tiles, marble, and glass
- Before use, always insure surface is clean and smooth

Part # BT-SCTB4

Single Suction Cup

- 4" suction cup
- 77 lbs lifting capacity
- Made of plastic with a rubber suction cup
- Ideal for carrying ceramic tiles, marble, and glass
- Before use make sure the surface is clean and smooth

Part # BT-SCSP4

B-RIGID Tile Leveling System

- Clips are designed to break off at the base
- Wedges are usable as a spacer for 1/32", 5/64", 1/8" and 0.059" gaps
- System can be used for .1" - .8" tile on walls and floors
- Eliminates lippage on uneven tiles
- Easy removal

Tile Leveling Kit

- Kit includes 100 spacers, 100 wedges, and 1 pair of pliers
- Suitable for both floor and wall tile applications
- Designed to maintain consistent and uniform tile spacing, ensuring a professional finish
- Helps prevent tile lippage
- Easy to install and remove

Part #	Qty
BT-BLSK1	1/32"
BT-BLSK2	1/16"
BT-BLSK3	1/8"

Tile Leveling Plier

- Effortlessly sets tile into the clips for precise tile surface alignment
- Fast adjustable space mechanic
- Ergonomic comfort handle
- Maximum working depth 1/2"
- Ideal for walls and floors

Part #	Qty
BT-BLSFP	

Tornado Spin Level Clip Cap

- Fast clip design saves time
- Ideal for walls and floors
- Eliminates lippage on uneven tiles
- Tornado spin clip caps are reusable

Part #	Qty
BT-BLTF100	100

Tornado Spin Level Bases

- Base is designed to break off below tile surface
- Compatible with tile up to 11/16" thick
- No tool required for installation

BT-TSL250	250
BT-TSL50-SN (Replacement Pins)	50

Reusable Tile Leveling System

- Fast spin-down handle, no tools needed
- Holds tile level and eliminates lippage
- Ideal for wall and floor tile up to 11/16" thick
- Stainless steel T pin
- Suitable for tile clearance 1/16" to 1/4"
- Used in conjunction with other leveling systems or spacers
- Anti-scratching large cap protects tiles
- Reusable and all-in-one, saves time and money
- Internationally patented design

Self-leveling Pegs

- High-strength self-adhesive backing
- Flexible, easily cut, vinyl material
- Designed to achieve a level and consistent surface when pouring self-leveler
- 10 pieces per strip, 100 pieces total
- 4" pin

Part #	Size
BT-MSLP100	100

Leveling System Removal Roller

- 55" length to work while standing
- Ideal for removing leveling spacer and wedge
- Ergonomic angled design and handle
- Non-scratching chamfer to protect tiles
- Save time and energy
- High-quality smooth nylon wheels

Part #	Size
BT-BLSRR	

Tile Wedge

- 1/64" to 3/16"
- 75 pieces per bucket
- Reusable
- Ideal for wall and floor tiles

Part #	Size
BT-TSW75	

Tile Wedge

- 1/64" to 1/8"
- 450 pieces per bucket
- Reusable
- Ideal for wall and floor tiles

Part #	Size
BT-TSW450	

Horseshoe Shim

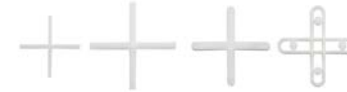

- Easy to install and easy to remove shims
- For aligning marble, granite, porcelain, and large format tiles

Part #	Size	Quantity
BT-HSB150	1/4"	150
BT-HSBK1K	1/4"	1,000

Cross Type Tile Spacer

- Precise angles ensuring consistent 90° joints
- 250 pieces per bag
- Ideal for wall and tiles

Part #	Size	Type
BT-TSC1250	1/16"	Solid
BT-TSC2250	3/32"	Solid
BT-TSC3250	1/8"	Solid
BT-TSC5250	3/16"	Hollow

T-Type Tile Spacer

- Precise angles ensuring consistent 90° joints
- 250 pieces per bag
- Ideal for wall and tiles

Part #	Size	Type
BT-TST2250	3/32"	Solid
BT-TST3250	1/8"	Solid
BT-TST4250	5/32"	Hollow
BT-TST5250	3/16"	Hollow

Multi Size Spacer

- 1/32", 3/32", 1/8", and 5/32" multi-size leveling reusable spacer
- 50 pieces per resealable bag
- Ideal for wall and floor tiles

Part #	Size
BT-TSM50	

Roto Wedge

- Reusable plastic roto wedges up to 1/2" thickness
- 50 pieces resealable bag
- Ideal for wall and floor tile installation jobs

Part #	Size
BT-TSR50	

Tile Wedge

- 250 pieces in a resealable bag
- Use with BASELEVEL Tile Leveling System
- Ideal for wall and floor tile installation jobs

Part #	Size
BT-TSW250	

Trowel Notch Types

11" Notched Trowel

- High-quality stainless steel blade measuring 11" x 4-3/4"
- Contoured handle for improved comfort and control
- Durable construction featuring 8 rivets connecting the handle to the blade

Part #	Notch Design
BT-PTSB03	1/8" Square

Storage Box with Handle

- Build your trowel kit to your exact needs with the Storage Box with Handle Kit
- Suitable for BIHUI Switch System pads and blades
- This kit contains 1 Switch System soft handle and a sturdy carrying case that features 6 slots for trowel blades with drainage.

Part #	BT-PTSJHB
--------	-----------

Interchangeable Handle

- Quick lock and release clamp
- Soft-grip handle

Part #	BT-PTSGSH
--------	-----------

15 Piece Switchable Jumbo Notched Trowel Set

- Easily switch between stainless steel trowel blades with our Switch System Trowels
- Designed for both right and left-handed tilers
- Kit includes 2 Interchangeable TPR soft-grip handles for slip-resistant grip and storage box for 11" x 4.5" blades

Kit includes 6 stainless steel blades:

- 3/16" square notch trowel blade
- 1/4" square notch trowel blade
- 5/16" square notch trowel blade
- 3/8" square notch trowel blade
- 3/8" x 3/4" round notch blade
- Tiger notch trowel blade

Kit includes 6 stainless steel blades, 19" x 5.125":

- 3/16" square notch trowel blade
- 1/4" square notch trowel blade
- 5/16" square notch trowel blade
- 3/8" square notch trowel blade
- Diagonal notch blade
- Tiger notch trowel blade

Part # BT-PTSJK15

8 Piece Switchable Notched Trowel Set with Round Notch Blade

Kit includes:

- Interchangeable TPR soft handle for slip resistant grip
- Durable storage box with built-in drain
- Six stainless steel 11" x 4.5" blades
- 3/16" square notch trowel blade
- 1/4" square notch trowel blade
- 5/16" square notch trowel blade
- 3/8" square notch trowel blade
- Tiger notch trowel blade
- 3/8" by 3/4" round notch blade

Part # BT-PTSJG8

8 Piece Switchable Notched Trowel Set with U Notch Blade

Kit includes:

- Interchangeable TPR soft handles for slip resistant grip
- Durable storage box with built-in drain
- Six stainless steel 11" x 4.5" blades
- 3/16" square notch trowel blade
- 1/4" square notch trowel blade
- 5/16" square notch trowel blade
- 3/8" square notch trowel blade
- Tiger notch trowel blade
- 1/4" x 1/2" x 3/4" U Notch blade

Part # BT-PTSJA8

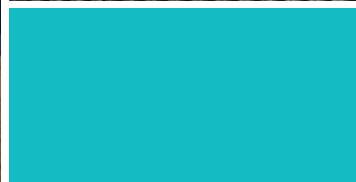

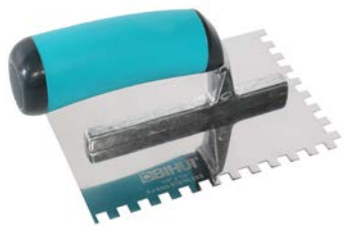

9 Piece Switchable Pro-Long Notched Trowel Set

Kit includes:

- Two interchangeable TPR soft handles for slip resistant grip
- Durable storage box with built-in drain
- Six stainless steel 19" x 5" blades
- 1/4" square notch trowel blade
- 5/16" square notch trowel blade
- 3/8" square notch trowel blade
- 1/2" square notch trowel blade
- Diagonal notch trowel blade
- Tiger notch trowel blade

Part # BT-PTSJK9

Mini Trowel

- 1/4" x 1/4" square notch
- Overall blade size 6-1/4" x 4-1/2"
- Made of stainless steel to prevent rusting
- Ideal for tight spaces and detail work

Part #	BT-PTMN06
--------	-----------

Economy Trowel

- Economy trowels designed for single-use
- 9" x 4" trowel blade
- Black plastic handle riveted to the trowel blade

Part #	Notch Guide
BT-PTP16U	1/16" x 1/32" x 1/16" U
BT-PTP16S	1/16" Square

Economy Trowel - Dual Sided Notch

- Economy trowels designed for single-use
- 9" x 4" trowel blade
- Black plastic handle riveted to the trowel blade

Part #	Notch Guide
BT-PTPSU4	1/16" x 1/32" x 1/16" U and 1/16" Square
BT-PTPUV4	1/16" x 1/32" x 1/16" U and 3/32" x 3/32" x 3/32" Flat V

Plaster Trowel

- 420 stainless steel blade
- TPR soft-grip handle

Part #	
BT-BTSH4	4"

Gauging Trowel

- High-strength carbon steel blade
- TPR soft-grip handle

Part #	
BT-BTCHG7	7"

Tuck Pointer

- High-strength carbon steel blade

Tile Remover Scraper

- Rubber pro-grip handle
- Steel hammer cap for extra strength

Part #	Size
BT-TRSC4	4"

Cement Finishing Trowel

- Hardened high-carbon steel
- Soft cushioned handle

Part #	Size
BT-PTFT14	14" x 4"

Corner Putty Knife

- Creates clean smooth corner seams between panels with 90° angles
- Perfect for shower system installations

Part #
BT-PTPCNR

Bucket Scoop

- Curved blade designed for clean removal of material
- Designed to fit most mixing and grouting buckets
- Soft-grip handle for greater comfort and less fatigue

Part #	Size
BT-PTK165	6-1/2"

Switchable Grouting & Cleaning System

Kit includes:

- Sponge float pad
- EVA grout float
- Flexible rubber float
- Epoxy teal float
- Five notched trowel blades
- Switch system interchangeable handle
- Soft-grip switch system handle
- Tool box

Part

BT-PTSC12

Sponge Float

- 11 x 5.5 x 0.1875" sponge
- Hydro sponge with block cut
- Ideal for all types of cleaning and decorating

Part #	BT-PTSGSG
--------	-----------

Cellulose Float

- 11 x 5.5 x 0.1875" sponge
- 100% cellulose
- Ideal for all types of cleaning and decorating

Part #	BT-PTSCSP

Cleaning Pads

- 10 x 4.75" cleaning pads
- Excellent for removing grout or adhesive from tile
- Includes 3 pads in super fine, medium, and course

Part #	BT-PTSCNP
--------	-----------

Grout Float

- 9.375 x 4" grout float
- Aluminum base with high-density EVA
- Rubber pad

Part #	BT-PTSGRF
--------	-----------

Epoxy Grout Float

- 10 x 4.5" float
- Teal hard rubber

Part #	BT-PTSEPX
--------	-----------

Tile Washing System, 5 Gallons

- Ideal for cleaning floor and wall tile and applying grout
- Durable bucket with wheels and handle for easy moving
- Arc-shaped corners for easy puring
- Triple roller wringer for fast water extraction from sponges
- Heavy-duty plastic grid keeps tools separated from water

Kit includes:

- Five gallon bucket
- Two black wheels and two stands
- Heavy-duty plastic grid
- Tri-roller
- Sponge float
- EVA float

Part #	Description
BT-TWS19	Full System
BT-TWS19G	Replacement Grate
BT-TWS19R	Replacement Tri-Roller

Tile Washing System, 6.3 Gallons

- Ideal for cleaning floor and wall tile and applying grout
- Durable bucket with wheels and handle for easy moving
- Arc-shaped corners for easy puring
- Double roller wringer for fast water extraction from sponges
- Heavy-duty plastic grid keeps tools separated from water

Kit includes:

- 6.3 gallon bucket
- Black wheels
- Heavy-duty plastic grid
- Double roller
- Hydro sponge float

Grout Sponge

- 7.625" Round-corner grout sponges in vacuum sealed packaging
- Extremely absorbent and abrasion resistant
- Ideal for cleaning tiles after grouting

Part #	Qty
BT-CFSV30	30
BT-CFSV100	100

Cellulose Sponge

- 100% cellulose
- Ideal for all types of cleaning, decorating, and tiling

Part #	Size
BT-CFCS165	6.50" x 4.33" x 2.00"
BT-CFCS180	7.25" x 4.33" x 2.00"

Scrubbing Sponge

- Rounded polished edges
- Ideal for cleaning grout, applying sealant, and polishing tile

Part #	BT-CFHC180
--------	------------

Brown Hydro Sponge

- 6.375" x 4" x 2.375" sponge
- Ideal for cleaning tiles after grouting

Part #	BT-CFHB160
--------	------------

Microfiber Hydro Sponge

- Rounded polished edges
- Ideal for cleaning grout, applying sealant, and polishing tile

Part #	BT-CFHM190
--------	------------

Wall Tile Leveling Lifter

- Use as single supports or in conjunction with a spirit level for longer runs
- Designed to support large wall tiles at the required height and level
- 231 lb capacity
- Adjustable height up to 10"
- Quick-release level for minor adjustments and removal

Part #	BT-TAS25
---------------	----------

Dust Door "U"

- Zippers create an easy entry and exit
- Fits variable size doors
- Full-size 44 3/32" x 86 5/8"
- Reusable
- Great for DIY projects and professional installs

Part #	BT-TDZD
---------------	---------

Uncoupling Mat Roller

- Max load of 77 lbs
- Extendable handle from 40" to 78"
- Used to embed the membrane full bond with mortar
- Can be easily disassembled for transport and storage
- Also suitable for vinyl flooring

Part #	BT-UMR330
---------------	-----------

Automatic Pencil Marker Set

- Comes with 1 black lead installed and 6 spare leads: 2 black, 2 red, and 2 yellow
- Writes on most surfaces including metal, timber, plastics, bricks, cement blocks, and glass
- Integrated lead sharpener built into the cap

Part #	Description
BT-TCM7	Full Set
BT-TCM7-SL	Replacement Lead

Tile Marker Set

- 7" black, white and red color markers
- For marking on variety of surfaces for cutting and drilling jobs

Part #	BT-TCM3
---------------	---------

Tile Repairing Kit

- Perfect for repairing cracked tile, marble, ceramic walls, and floor surfaces

Kit includes:

- Hot wax application tool with charger
- Sixteen hard wax blocks in various colors
- Cleaning scraper
- Textured scraper
- PU high-density sponge
- Cleaning cloth

Part #	BT-TRPK
---------------	---------

7" Speed Square

- High-visibility markings that won't fade over time with heavy use
- Precision scribe notches to easily mark lines
- Strong aluminum alloy body
- Features a protractor scale 0-90°
- Use as saw guide for angle

Part #	BT-TMRT7
--------	----------

26' Tape Measure

- Wide blade tape measure for better visibility and grip
- Wear and impact-resistant design
- Powerful magnetic ruler head
- Automatic brake functionality and one-button retraction

Part #	BT-TMR8M
--------	----------

Multi-Tool Oscillating Blade

- Universal design for use with any multi-tool
- Suitable for cutting ceramic tile, stone tile, backer-board, and more

Part #	BT-CFMS-01
--------	------------

Bi-Metal Multi-Tool Blade

- Universal design for use with any multi-tool
- Suitable for cutting ceramic tile, stone tile, backer-board, plaster, epoxy, grout, and more

Part #	BT-CFMS-02
--------	------------

Blue Chalk Powder

- 8oz blue chalk for use with chalk line reels
- Provides for consistent distinct marking
- Designed with a handy nozzle cap and squeeze bottle
- Meets the basic requirement of RoHS and REACH
- Suitable for both interior and exterior use

Part #	BT-CTCHALK
--------	------------

Chalk Line Reel

- Quick refill sliding window
- Press to release mechanism
- High-strength thread and fast retraction
- Powder capacity: 3.5oz
- Break strength: 44 lbs

Part #	BT-CTCKLNR
--------	------------

Chalk Reel Kit

- Includes Blue Chalk Powder (BT-CTCHALK)
- Includes Chalk Line Reel (BT-CTCKLNR)

Part #	BT-CTCAKK2
--------	------------

Grout Rake

- Assembled with two 8" tungsten carbide blades
- Designed with an ergonomic soft grip
- For smaller joints, remove one blade from the grout rake

Part #	Description
BT-TGRS2	Full Grout Rake
BT-TGRSB2	Replacement Blades

Profile Gauge with Lock, 10"

- Utilizing individual low friction plastic blade tension to create precise templates
- Quick and easy way to copy awkward shapes
- Locking system for precisely replicating shapes
- Magnetic for hands-free working
- Metric and imperial scale
- Ideal for tiling, wallpaper, laying carpet, vinyl, and laminate flooring

Part # BT-TPL250

Profile Gauge, 10"

- Utilizing individual low friction plastic blade tension to create precise templates
- Ideal for tiling, wallpaper, laying carpet, vinyl, and laminate flooring

Part # BT-TPG250

Rubber Mallet

- 24 oz white flooring mallet
- Soft grip handle
- Solid, white head for a clean installation without marking or damaging the flooring
- Suitable for all types of flooring installation

Part # BT-RMWO24

One Piece Rubber Mallet

- 20 oz white non-marking rubber mallet
- Comfortable, firm-grip handle

Part # BT-RMWS24

Tile Corner Protector

- Four piece corner protector for tile
- Slides on easily and remains secure on the corner of tile
- Avoids potential tile damage
- Reusable

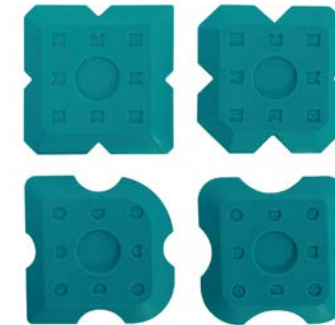

Part #	Size
BT-LFTP06	1/4"
BT-LFTP08	5/16"
BT-LFTP10	3/8"

Grout and Sealant Repair Kit

- Grouting nozzle for cartridge
- Silicone and sealant removing knives
- Quick and easy-to-use and clean
- Designed for a perfect, clean finish
- Ideal for baths, basins, window sills, aquariums, balconies, and more

Part # BT-STARK3

Silicone Applicator Kit

- Easy-to-use, no need for tape or to mask joints
- Designed to shape silicone sealant for a perfect, clean finish
- Ideal for baths, basins, window sills, aquariums, balconies, and more

Part # BT-STAK4

Compound Tile Nipper

- 10" length
- Non-slip and ergonomic with comfort grip handle
- Carbide tipped
- Maximum tile thickness 1/2"
- Ideal for irregular cuts in ceramic and porcelain tile
- Features soft-grip handle to reduce hand fatigue

Part #	BT-TNC10
--------	----------

Breaking Tile Nipper

- Features soft-grip handle to reduce hand fatigue
- Carbide cutting wheel provides exact scoring while being extremely durable
- Chrome-plated finish to resist rust

Part #	BT-TNB8
--------	---------

Tiler's Gloves

- Provides excellent grip and movement when handling tile or stone
- Wear-resistant, stain-resistant elastic for ventilation
- Comfortable fit

Part #	Size
BT-TGDL	L
BT-TGDXL	XL
BT-TGDXXL	XXL

Anti-Vibration Gloves

- Anti-vibration design with thick cushion rubber
- Extra padding between the thumb and forefinger for protection from typical wear
- Comfortable fit

Part #	
BT-TGAVXL	XL

Leatherette Knee Pad

- Soft, broad strap to prevent binding
- Single, front-fastening hook and loop strap
- Fully washable
- Made with premium grade neoprene

Part #	BT-BLKP
--------	---------

Gel Knee Pad

- Foam core for maximum cushioning
- Gel cover for extra comfort
- Hook and loop straps and pressure clip for added security
- Great stability, preventing ligaments and tendon fatigue

Part #	BT-TKPG
--------	---------

TPR Knee Pad

- Waterproof and anti-slip engineered PVC/TPR cover
- Made of breathable diving cloth and oxford fabric
- Durable reinforced stitching and extra foam core
- Soft gel core and thick cushioned foam core provides superior protection
- Easy and secure hook and loop fastening system
- Protects against nails, screws, glass, and debris

Part #	BT-TKPT
--------	---------

PVC Knee Pad

- PVC shell and soft foam
- PVC strap
- Non-skid outer cover
- Easy-to-wear with excellent grip

Part #	BT-TKPP
--------	---------

Premium Caulking Gun

- The body has a built-in, hinged hole for piercing and scraping hardened sealant from the nozzle
- Silicone in large amount around the edge before laying leveler
- Patented no-trigger gaps design
- Suitable for cold weather and high-viscosity materials

Part # BT-TCG310

Grout Bag with Plastic Tip

- 23.5" with plastic tip
- Designed with high-quality plastic

Part # BT-GBP23

Grout Bag with Steel Tip

- 21" with steel tip
- Designed with high-quality plastic

Part # BT-GBS21

Toilet Installation Kit

- Everything you need to install a new toilet or reset an existing one
- For use with 3" and 4" drain openings

Kit includes:

- 12" stainless steel braided toilet connector
- Extra thick wax gasket with polyethylene flange
- Set of 1/4" x 2-1/4" brass-plated closet bolts
- Corresponding nuts
- Corresponding washers

Part # BT-WRSTFK

Reinforced Wax Toilet Bowl Gasket

- Use to install a new toilet or reset an existing one
- For use with 3" and 4" drain openings

Part # BT-WRS150

BIHUI USA's merchandising displays are expertly designed to showcase a comprehensive selection of high-quality tiling tools. These visually appealing, space-efficient displays are perfect for retail environments, offering customers easy access to a full range of professional-grade tools for every step of the tiling process. With sleek designs and clear organization, BIHUI USA's displays help retailers enhance product visibility and drive sales while ensuring that construction professionals can quickly find the tools they need.
